1 APRIL 25, 2012 10:02 A.M. 2 PROCEEDINGS 3 HEARING OFFICER: Good morning all. My name is David Clark. The Commission has designated me as 4 5 the presiding officer for the hearing today. 6 We have before us a verified Application in 7 Docket No. 12-057-05. And the caption is: 8 Application of Questar Gas Company for an Adjustment 9 to the 191.1 Balancing Account by Means of a Special One-Time Refund. 10 Let's begin by taking the appearances of 11 12 counsel. We'll begin with the Applicant. 13 MS. NELSON CLARK: Jenniffer Nelson Clark 14 here on behalf of Questar Gas. And I have with me 15 Mr. John Kennedy, who will serve as our witness. 16 HEARING OFFICER: Thank you. 17 MR. FELIX: Wes Felix of the Attorney 18 General's Office on behalf of the Division. With me 19 is Patricia Schmid and our witness, Marlin Barrow. 20 HEARING OFFICER: Thank you. And welcome 21 Mr. Felix. This may be your first appearance here. Ι could be wrong. 22 23 MR. FELIX: Before you, yes, absolutely. 24 HEARING OFFICER: Okay. Well, welcome. 25 MR. FELIX: Before the Commission yesterday,

1	though. Well, I guess I didn't. I was at the table.
2	HEARING OFFICER: We're pleased to have you
3	with us.
4	Ms. Clark, how would you like to proceed this
5	morning?
6	MS. NELSON CLARK: Mr. Kennedy has prepared a
7	brief summary of the relief sought, and he is also
8	available for cross-examination if requested.
9	HEARING OFFICER: All right. Would you raise
10	your right hand please, sir?
11	(Mr. Kennedy was duly sworn.)
12	HEARING OFFICER: Thank you.
13	<u>JOHN E. KENNEDY</u> ,
14	called as a witness, having been duly sworn,
15	was examined and testified as follows:
16	DIRECT EXAMINATION
17	BY MS. NELSON CLARK:
18	Q. Mr. Kennedy, can you please state your name
19	and business address for the record?
20	A. My name is John Ernest Kennedy. I work at
21	Questar Gas Company. It's 333 South State, Salt Lake
22	City, Utah.
23	Q. And what position do you hold with Questar
24	Gas Company?
25	A. I'm a regulatory affairs specialist.

2 3

- Q. Did you participate in the preparation of the verified Application that is under consideration today?
  - A. Yes, I did.
- Q. Could you please summarize the relief that the Company seeks through that Application?
- A. Yes. Questar Gas Company, the Applicant in this Docket No. 12-057-05, respectfully asks the Utah Public Service Commission for approval of a decrease of \$41,987,890. The reason for this decrease is the commodity portion of the 191 account is over-collected by approximately \$42 million.

We propose to return this amount to our customers through a one-time credit, similar to what was done in 2009 and 1985. 1995, pardon me. This refund would be credited to current active GS and FS customers on their upcoming May bills.

It would be determined by multiplying each customer's total decatherm usage between December 2011 and April 2012 by 60.206 cents per decatherm. This method refunds the 191 account commodity balance to customers much sooner than if it was amortized over the next 12 months, while also eliminating a future \$42 million rate increase in one year when a credit amortization would normally drop off.

1	A typical Utah GS customer using 80
2	decatherms per year would see a decrease of \$34.50 on
3	their May bill, or a total annual decrease of about
4	5 percent. Thank you.
5	MS. NELSON CLARK: Mr. Kennedy is available
6	for cross-examination.
7	HEARING OFFICER: Any cross-examination?
8	MR. FELIX: No cross.
9	HEARING OFFICER: Thank you Mr. Felix.
10	Would you like to present anything else,
11	Ms. Clark?
12	MS. NELSON CLARK: No, thank you.
13	HEARING OFFICER: Okay. And I'll note that
14	we'll receive into the record the Application, which
15	is verified and to which Mr. Kennedy referred, as
16	Exhibit 1 in this proceeding.
17	(Exhibit No. 1 was received.)
18	HEARING OFFICER: Mr. Felix?
19	MR. FELIX: Mr. Barrow is witness on behalf
20	of the Division. If he could be sworn in?
21	(Mr. Barrow was duly sworn.)
22	***
23	MARLIN H. BARROW,
24	called as a witness, having been duly sworn,
25	was examined and testified as follows:
	<u>_</u>

1	DIRECT EXAMINATION
2	BY MR. FELIX:
3	Q. Mr. Barrow, could you state your full name
4	and business address for the record?
5	A. Yes. My name is Marlin Hobson Barrow. I
6	work at 160 East 300 South, in the Heber Wells
7	Building, for the Division of Public Utilities.
8	Q. Could you
9	A. As a technical consultant.
10	Q. Thank you. Could you describe in a little
11	more detail your current position?
12	A. In my current position I primarily review the
13	applications that Questar Gas Company files before the
14	Commission, including the one now before the
15	Commission.
16	Q. And in conjunction with this docket did you
17	receive an action request from the Commission?
18	A. Yes, I did.
19	Q. And what did you do in response to that
20	action request?
21	A. I reviewed the Application and then prepared
22	actually two memos in response to that action request
23	kind of reviewing the Application and giving the
24	Division's recommendation concerning the Application.
25	Q. And why is it that you produced two

memoranda?

- A. I found in my first memo that I had some -- a few numbers that probably needed to be corrected to make it more technically correct in what I was trying to explain.
- Q. And did you make those corrections in your second memorandum?
  - A. Yes, I did.
- Q. And would the opinions reflected in your second memorandum be the opinions you hold today?
  - A. Yes.
- Q. Could you summarize the opinions that you made in that memorandum?
- A. Yes. I briefly, in reviewing the Application I briefly went through the process that the Company followed in filing this process, including the previous time that they asked for a one-time refund.

I also tried to explain in my memo kind of a, give a background of why this process occurs and how it occurs. And tried to differentiate between what we call a "base rate" in the commodity gas portion of the rate and the 191 amortization rate.

In my first memo I, I was thinking of base rate but I was actually talking about total rate, and it was kind of confusing when I was trying to refer to

the various graphs. So I went back, and in the paragraph section titled "Recent Pass-Through Filings" in the second memo I changed the word "total rate" to "base commodity rate." And then when it talks about -- I had in my first memo 4.49 per decatherm. That was corrected to \$4.15 per decatherm, which was the base commodity rate.

And then again, going down a couple lines, it said: In this filing the total base commodity rate was increased by \$0.06 to \$4.21, instead of \$4.55 which was in my first memo. And then I again included the word "base commodity rate" in the filing that was, that was filed on October 1st -- or August 31, 2011. I changed the rate from \$4.30 to \$4.17, which was the base commodity rate.

The reason I did this is, as I explained previously, in the total commodity rate there's two portions of the rate: One is the base commodity rate, which is really determined on the forecasted -- or the projections of forecasted gas costs that the Company files. And then the 191 amortization rate is really a process that they go through in order to refund any over or under-collections.

So I wanted to make sure that was explained better that there is a base commodity rate and a 191

1	amortization rate which does make the total commodity
2	rate. And those are the only changes I made was in
3	that one paragraph.
4	And then in the process of reviewing I found
5	this to be the most expedient way to quickly get
6	customers a refund of the over-collection that has
7	occurred due to the rampant decrease of the current
8	gas market price that people have been calling about
9	and wondering why they've been charged a lot more than
10	what they see the actual price of gas being. So this
11	was a quick way of getting that refund back to them.
12	And the Division supports the Application and
13	believes that it really is in the public interest to
14	give this back to customers as quickly as possible,
15	rather than the normal process that they would have
16	refunded by. And that probably concludes my remarks.
17	HEARING OFFICER: Thank you. Any
18	cross-examination for Mr. Barrow?
19	MS. NELSON CLARK: No.
20	HEARING OFFICER: Thank you Mr. Barrow.
21	Is there any other information to present to
22	the Commission on this Application?
23	MR. FELIX: Oh, your Honor, we should
24	probably move for the admission of the
25	HEARING OFFICER: Oh.

```
1
              MR. FELIX: -- the full copy of his
 2
    memorandum as filed on April 23rd. I think it's dated
 3
    April 19th. That's the Memorandum of Marlin H.
    Barrow, technical consultant on behalf of the
4
 5
    Division.
              HEARING OFFICER: Thank you, Mr. Felix.
6
7
    We'll mark that Exhibit 2 in this docket.
8
                  (Exhibit No. 2 was received.)
9
              HEARING OFFICER: And we'll be off the
10
    record.
11
         (A recess was taken from 10:13 to 10:15 a.m.)
              HEARING OFFICER: I've conferred with the
12
13
    Commissioners. They've authorized me to issue an
14
    order from the bench on this Application to the effect
15
    that it is approved.
16
              It will be memorialized in a written order.
17
    But so that the Company can plan for and execute the
18
    refund on May 1st, or begin the refund process by that
19
    date as requested in the Application, I wanted to make
20
    you all aware today of the Commission's order in this
21
    matter.
              Is there anything further to come before the
22
    Commission?
23
24
              MS. NELSON CLARK: No, thank you.
25
              MR. FELIX: No, your Honor.
```
